Another convenient training option is to take Safe Guide through e-learning...please discuss with your District Commissioner or contact Training lionsareatraining@gmail.com

This training will show you how to navigate Safe Guide for a year of fun, safe activities! Safe Guide is a valuable resource with a friendly hands-on approach to managing risk. Packed with great information and tips, we will cover everything from minimum supervision to ratios, Emergency Response Plans and clothing lists...with an emphasis on fun activities and outdoor adventure.

This 'HOW TO' session is both interactive and fun. We will walk through the Safe Guide document plus work with some of the commonly used forms.

Some of the things you will learn include...

- 1) Where to find 'activity specific' planning tips and guidelines
- 2) Which activities are NOT PERMITTED...
- 3) Who can supervise the girls...
- 4) What determines the Risk Level of an activity...
- 5) What level of First Aid training is recommended/required...
- 6) What is an Assessor...what they do and how they can help...

Preparedness starts with careful planning, communication and documentation. All activities have some degree of risk. Safe Guide provides a step-by-step process to help you identify and manage risk.

How does Safe Guide training for Guiders benefit the girls...?

Safe Guide supports Guiders as they offer girls opportunities that will help them be confident and resourceful. Through many hands-on activities, camps and events, girls can have fun, learn, lead and be inspired to challenge themselves...all while staying safe.

Please join us!

Participants will receive the most current copy of Safe Guide to take home!

September/October Safe Guide trainings are conveniently offered on the same day as Unit Guider training for your specific branch level.
